This screenshot shows a course planning interface. On the left, there's a sidebar labeled "Courses" with a search bar containing "Biotechnology in a Global Society". The main area is titled "Plan A" and contains four columns: "Year 1", "Year 2", "Year 3", and "Year 4". In the "Year 3" column, there is a placeholder text "*Module Name". To the right of the plan, a vertical box labeled "Holding Area" contains a green plus sign icon at the bottom. Below the holding area, there is a "Check List" section with three items: "University Core", "Degree Core", and "Major Core", each preceded by a blue downward arrow icon.

This screenshot shows the same course planning interface after a change. The "Year 3" column now contains the text "Biotechnology in a Global Society", and the "*Module Name" placeholder has disappeared. The green plus sign icon remains in the holding area, and the check list is still present.

This screenshot shows the course planning interface again, but the "Year 3" column now contains the text "Biotechnology in a Global Society" and the "*Module Name" placeholder has reappeared. The green plus sign icon is still in the holding area, and the check list is visible.

This screenshot shows the final state of the course planning interface. The "Year 3" column contains "Biotechnology in a Global Society", and the "*Module Name" placeholder is back in the "Year 2" column. The green plus sign icon is in the holding area, and the check list is present.
